## NEW ZEALAND WILL TRAIN LADS IN AGRICULTURE

WELLINGTON, N. Z., May 29.—The Government of New Zealand intends to educate its young farmers in the future. The cabinet has allotted a large sum for the immediate erection of apprentices' quarters at the experimental farm outside of Wellington. Lads will be instructed by officers of the Agricultural Department, and after three months' training a slight remuneration will be paid, increasing in proportion to the degree of industry and ability of the young men.

### Gambling Forbidden.

The Postmaster-General of New Zealand has just published an order prohibiting gambling in any form among post office employees on pain of dismissal. The men have resented the order, asking why they should be dealt with when the totalisator has been legalized.

Sir Joseph Ward has returned from Australia. He stated that the discussion there about federal politics was informal. No definite reply was

given to the representations made regarding New Zealand joining in the federation of the Australasian colonies.

### Design Is Condemned.

MELBOURNE, Australia, May 29.—Members of the Interstate Conference have expressed the opinion unofficially that surveyors will condemn the winning design for the laying out of the federal capital. Parliament House it has been pointed out, if the plans are carried out will be situated on the side of a steep hill, while the central railway station will have to be reached by a tunnel. The recreation reserve will be on a hill.

### Americans Take Up Land.

One out of every five of the immigrants who recently arrived from California in the steamer Tahiti will take up land in Kerang, Victoria. Professor Heller, who accompanied the party, stated that he knew of no country where there were so many large areas of good land as in the north western parts of Victoria.

### CANADIAN PACIFIC ORDERS 10,000 NEW FREIGHT CARS.

OTTAWA (Ont.), June 11.—Following the order made by the Dominion Board of Railway Commissioners requiring the big Canadian roads to make detailed statements of their car and motive equipment and proposed additions to equipment to meet the extraordinary demand created by the great congestion in the West, the Canadian Pacific announces a record-breaking order for freight cars and locomotives. The road has ordered 10,000 new freight cars and 300 locomotives, the former costing \$14,000,000 and the latter \$2,000,000.

Mathematicians have figured this out to mean that these cars would make a train ninety-two miles long.

### METHODISTS STRIKE AT THE DIVORCE EVIL.

CHICAGO, June 11.—The Methodist preachers of Chicago yesterday agreed that hereafter they would refuse to marry divorced persons who decline to grant ten days for the examination of their records.

The action was taken after Rev. Francis Miner Moody of San Francisco, pany has made a rate of eight dol-

## GROUP OF NATIONALLY PROMINENT REPUBLICANS WHO ARE IN CHICAGO FOR THE CONVENTION OF JUNE 18

CHICAGO, June 7.—A large number of men prominent in the councils of the Republican party are already gathered here in anticipation of the national convention, which meets on June 18. The reason for their presence thus early is found in the daily sessions now being held by the national committee to determine contests. The cut shows, from left to right, D. W. Mulvane of Kansas, H. S. Chubb of Florida, Cecil Lyon of Texas and A. M. Stevenson of Colorado. The first three named are the national committeemen for their respective states.

lars for the round trip and, as the steamer leaves at 5 o'clock Wednesday afternoon and returns early Friday morning, there will be no loss of time from business.

### ARKANSAS FASTEST OF HER CLASS IN WORLD.

ROCKLAND (Me.), June 5.—The Arkansas made a mile on her standardization run at 21.9 knots an hour and averaged 21½ knots for her five top-speed runs. In a statement the builders said the Arkansas had shown herself the fastest battleship of her class in the world.

### EIGHTEEN SKELETONS OF ROMANS IN BRITISH SOIL.

LONDON, June 7.—Eighteen skeletons were unearthed today by workmen at Chester. They were found at a depth of five feet. The site was undoubtedly used by the twelfth legion of Romans during their occupation of the city. With the skeletons were found several Roman sandals, which were wonderfully preserved, also some Roman Pottery tiles and bottles.
